**Subject:** DEQ comments on ODOT revised draft stormwater assessment (Mar 17, 2015)  
**Attachments:** DEQcommentsRevisedDraftSwAssessmentMar2015.pdf

Hi Paul.

Attached is DEQ's finalized comment letter that we have been discussing in draft on the staff level for several months. I included my signature electronically, so you will not receive a hardcopy in the mail.

I understand from Ula that the final version of the report will be submitted in the next week or so, addressing many of the comments in my letter. I also understand that the latest version of the Source Control Measure Implementation Plan will be submitted in the same timeframe and we will use our Oct staff level meeting to collaborate on the plan for performance monitoring/effectiveness demonstration. Ula and I will look for a time in Nov for a meeting including you, Keith and Ray Mabee.

I will provide the Stormwater Assessment Report and SCM Implementation Plan to the EPA and City contacts cc'd here, once DEQ receives them and incorporate EPA and City review comments into the plans going forward.

Thanks for the continued coordination on stormwater source control. Feel free to contact me with questions, though I will be out on vacation Sep 9-16.

Have a great holiday weekend!

--Alex
